The Northwest European Pollen Flora (NEPF)

44. Selaginellaceae
P.J. Stafford (London, U.K.) 1
45. Oleaceae
W. Punt, J.A.A. Bos and P.P. Hoen (Utrecht, The Netherlands) 23
46. Geraniaceae
P.J. Stafford and S. Blackmore (London, U.K.) 49
47. Juglandaceae
J.A.A. Bos and W. Punt (Utrecht, The Netherlands) 79
48. Cornaceae
P.J. Stafford and G.L.A. Heath (London, U.K.) 97
49. Globulariaceae
W. Punt and A. Marks (Utrecht, The Netherlands) 109
50. Buxaceae
W. Punt and A. Marks (Utrecht, The Netherlands) 113
51. Ranunculaceae
G.C.S. Clarke (London, U.K.) W. Punt and P.P. Hoen (Utrecht, The Netherlands) 117
Index 273
Lauraceous wood from the mid-Cretaceous Potomac group of eastern North America: *Paraphyllanthoxyllon marylandense* sp.nov.
P.S. Herendeen (Stockholm, Sweden) 277
Pollen ultrastructure in *Elatides williamsonii* (Taxodiaceae) from the Jurassic of North Yorkshire
M.H. Kurmann (Kew, U.K.) 291
Upper Pleistocene and Holocene vegetation in the south of France and Andorra. Adaptations and first ruptures: New charcoal analysis data
C. Heinz (Montpellier, France) 299
Fossil *Salvinia* and *Azolla* from the Deccan Intertrappean Beds of India
E.M.V. Nambudiri (Regina, Sask., Canada) and S. Chitaley (Cleveland, OH, U.S.A.) 325
Ultrastructure and relationships of Upper Carboniferous spores from Thorpe Brickworks, West Yorkshire, U.K.
A.R. Hemsley (Montpellier, France) and A.C. Scott (Egham, U.K.) 337
Late Permian palynomorphs from the Buckley Formation, central Transantarctic Mountains, Antarctica
M.J. Farabee (Barnesville, GA, U.S.A.), E.L. Taylor and T.N. Taylor (Columbus, OH, U.S.A.) 353
Gracilopteris, a new name for *Sphenocallipteris* Haubold et Kerp
J.H.F. Kerp (Utrecht, The Netherlands), S.V. Naugolnykh (Moscow, U.S.S.R.) and H. Haubold (Halle/Saale, Germany) 369
The Cultural Landscape, Past, Present and Future by H.H. Birks, H.J.B. Birks, P.E. Kaland and D. Moe (Editors) — W. van Zeist 371
